

REMARKS

The Office Action of October 9, 2007 has been carefully considered.

Objection has been raised to the drawings, and a new sheet has been provided showing the embodiment that was not previously illustrated. This sheet has now been labeled "New Sheet" in accordance with 37 CFR 1.121(d). No new matter has been added, as this embodiment was described in the penultimate paragraph on page 13 as originally filed, and claimed in claim 58.

The claims listing has been completed by adding the indication that claims 1 to 29 were canceled. The additional claim amendments are provided here again, although they are identical to those filed in the response filed September 2, 2007. Thus, claims 30 to 62 are currently in the application. Claims 58 to 62 have been allowed. Claim 52 was objected to. Claims 30-51 and 53-57 stand rejected. Claims 30, 31, 34, 35, 39-43, 45, 48, 51, 53 and 55-57 have been amended. Applicants' substantive remarks were set forth in the Amendment filed September 2, 2007 and are not repeated here.

In view of the foregoing amendments and remarks, Applicants submit that the Amendments together are now compliant. A copy of the Amendment originally filed on September 2, 2007, which has been properly signed, is also attached. Please note a new Power of Attorney, with a new address for service, was filed together with the Amendment filed September 2, 2007. Accordingly, Applicants respectfully submit that the present application is now in condition for allowance. An early allowance of the application with amended claims is earnestly solicited.

Respectfully submitted,
